Message from the President...

It is with great pleasure I am writing this message as the president of Hartley College Past Pupils Association UK (HCPPA UK) on the musical show, Natha Vinotham 2018. Natha Vinotham provides the basis for many initiatives and recurring activities that ultimately support the students of Hartley College and the wider community. This cultural event has been successfully conducted on an annual basis since 2010 and it has generated around £100,000 towards the schools development including maintenance of the students' hostel, helping underprivileged students for their hostel accommodation, engaging an additional full time English teacher and construction of canteen amongst other things. The contribution by Hartley College towards the development of the social, economic and cultural life of our people is undeniable and well known around the country. HCPPA(UK) is proud to be part of this legacy and this would not have been possible without the great contribution you all make by supporting shows, such as Natha Vinotham, put on by Hartleyites in the UK. For that I would like to thank you.

I would also like to thank the executive committee for bringing Ezathu Kalaignar (ஈழத்துகலைஞர்) Kumaran Panchamoorthy and his team to perform today. They have established a strong reputation throughout Sri Lanka and today in London. This show will provide them a fantastic platform on a major stage providing them with the well deserved recognition they deserve. Their broad repertoire includes classically based cinema songs through to modern songs, combining the traditional Double Reed Wind Instrument (Nathaswaram), all of which you will have the opportunity to witness today.

Artists from India, Abhay and Madhu will take the Nathaswaram show to another level with a combination of vocal and multi-instrumental performance. These would further enhanced by some of Londons' most talented musicians, dancers and singers.

We are proud of the contribution made by our association this year in providing assistance and support to our alma mater and meeting the immediate needs of the students. The executive committee has advanced our ways of working, bringing in a new communication system, allowing us to operate in a coordinated, efficient manner. We now look to all our members, particularly the younger ones, in helping us to expand our horizons by leveraging new technologies and starting up fresh initiatives, enabling us to achieve even more in the coming years.

I wish you all a very enjoyable evening.

V Jeyantham
President
