## Message from the President

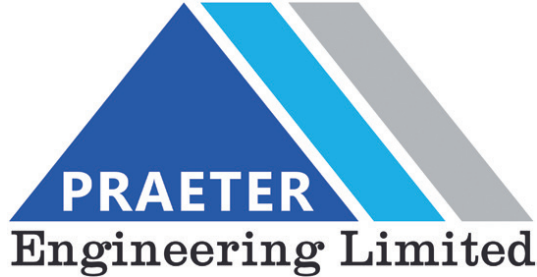

It is with great pleasure I welcome you all to our Natha Vinotham musical show, NV22. We are finally able to gather in person in two years after many difficulties and uncertainties caused by the Covid 19 Pandemic. Super-singers Abhilash, Adithya, Anu and Maanasi with Super-singer fame Karthik Devaraj band will surely entertain and take us to another remarkable musical show.

Every year, HCPPA-UK conduct Natha Vinotham, mainly to raise funds to upskill our students' education, to support underprivileged students, promote and develop fellowship amongst Hartleyites, friends and families. In the last 12 years, funds collected from Natha Vinotham shows have been spent on various projects at Hartley College including upskilling students' academic performances, infrastructure improvements, supporting sports and extra-curricular activities etc. We aim to continuously support and fulfil the college needs. Now, our college is in dire need on many aspects including the transformation to digital teaching & learning, empowerment of the extra activities, and additional teaching resources. Your support and the participation in the HCPPA-UK's activities including the Natha Vinotham will definitely help us to fulfil these needs. The net proceeds from this year's Natha Vinotham will be used towards upskilling the educational developments, especially on digitalisation of teaching & learning.

I take this opportunity to thank our artists, sponsors, members of the organisation, committee members, advisory council, vice-patrons, friends, and their families for making this event successful. I also would like to thank all of you for your presence and the support you have given us to arrange this concert. Without your support, I do not believe we could have made this year's Natha Vinotham such a great success. I wish you all the best and have an enjoyable evening.

Thank You !  
Dr R. Sivakumar  
The President  
HCPPA UK

## Message from the Principal

Indeed, I am so happy to send a message of felicitation to the Hartley College Past Pupils' Association (UK) on their signature fundraising programme, Natha Vinotham-2022. The journey of the HCPPA Branch in the United Kingdom has been incredible.

The support and co-operation extended by the HCPPA-UK during the past era was tremendous in making academic excellence and betterment in extracurricular activities, and this trend is still continuing with more enthusiasm and vigour. I am so proud to say that the HCPPA-UK is always very keen on working together with our college community to enrich our college.

The Hartley Community and I always feel proud of your excellent service and great support to uplift the College to the highest position in the educational firmament.

Let us all join hands and work together for the betterment of our alma-mater.

In conclusion, I wish the Natha Vinotham-2022 be a successful event and convey my regards to all artists and the HCPPA-UK on behalf of our college community. I also admire the participation and co-operation in working towards our shared goal of bringing up Hartley as one of the top schools in the island.

## Recent HCPPA-UK's projects

### • Upper Floor above Canteen Building

HCPPA-UK funded this newly being built upper floor which will be used as classrooms for fine arts and other lessons. The construction cost of the building is substantially increased due to the Covid-19 situation and currency depreciation. Therefore, additional funding was requested by the School via GT to complete this building construction. In addition to this, the canteen building will be fully refurbished including painting. Please note that the existing canteen building was fully funded by the HCPPA-UK.

### • Career Development Fund

HCPPA-UK has facilitated a proposed career development fund for our students. A Hartleyite from HCPPA-UK has funded this project in the name of our former Principal Mr. N. Theivendrarajah, and it is available for career development programmes for all students. This will include financial support and arrangements of seminars and talks, societies & clubs, leadership programmes etc. This fund will be called 'Mr. N. Theivendrarajah Career Path Fund'. Rs.500K has already donated and Global Trust will manage the fund.

## Recent HCPPA-UK's projects

### • Upgrading the existing Art Room

Old Art room was modified and redecorated as reading/study room. This shall also be used for seminars, clubs & societies related activities. Modification works were included lighting, fans, painting, desks & chairs. This room shall also be used for the above 'Career Path' operations. The same Hartleyite who donated for Mr. N. Theivendrarajah's Career Path fund, funded Rs. 200K for this project through HCPPA-UK.

### • Phase 2 COVID 19 Support to Hartley college Students' Families

Stage 2 support for the Hartley College students' 225 families were completed. This Covid support was a Global PPAs' coordinated effort and HCPPA-UK has contributed its part with the help of the Hartleyites in the UK.

## **SMART Technology in Teaching (Classrooms with Interactive boards)**

Teaching is modernised and transformed to the digital era. We, as Hartleyites, are also needed to embrace these positive changes and we need to upgrade our college. The Sri Lankan government is planning to digitalise the education system from 2023, this will include digitalised educational materials. However, they intend to use the hand-held devices, like Tablets, to accommodate the transformation. But the transformation is not to be limited to hand-held devices but also required in the teaching methods, like interactive learning devices to teach effectively.

### **Interactive Boards:**

- o Like computer screen but with additional facilities.
- o Shall be internet based and adaptive to on-line materials (e.g. PDF books, notes, videos).
- o Recordable. So, revision is easier (like library).
- o Touch screen – allow the efficient teaching and learning.
- o Teaching shall be telecast via online platforms (Teams Meeting, Zoom etc. during the unexpected times like Covid-19 pandemic).
- o More clarity and easy to understand the complex diagrams and images.

Classrooms are to be upgraded to accommodate the above Interactive boards.

- o Open classrooms to be covered (with windows and curtains).
- o New wiring.
- o Additional lighting & fans.
- o Ceiling for upper levels.

Our college has 44 classrooms. Out of the 44, 5 SMART boards are already in use. Another 4 from the Hartleyites are being installed. HCPPA-UK would like to invest in this transformation from the NV22 proceeds.

At the moment, cost estimation is difficult due to the Sri Lanka's economic uncertainty. However global PPAs are working together and adopting all possible purchase routes including importing from overseas. Expected cost would be in the range of £2000 for SMART boards and another £2500-£3000 for modification of one classroom
